

### **Guide lines for Dental Office During the COVID-19 Pandemic**

- *Call office prior to entering for your appointment to avoid unnecessary contact.*
- *We are asking that all patients wear their own personal mask into the office.*
- *Please do not bring family members or friends unless absolutely necessary (i.e caretakers, parents of pediatric patients, translators, ect.)*
- *All patients will be screened prior to their appointment being schedule, and again on the day they arrive for their appointment.*
- *All patients will have their temperature taken at each appointment.*
- *If you are sick, we ask that you please stay home and call re-schedule your appointment.*
- *At this time we ask that if you do not have a appointment , please call the office instead of coming in so we can further avoid unnecessary contact.*

*Thank you for your continued patience and understanding as we go forward to continue to provide the care we need for our patients!*
